Israel and India have both treated their Muslim minorities with kid gloves and paid the price. Islamic nations have cleansed Jewish refugees, while Islamic Pakistan has reduced its Hindu minority from 15% in 1947 to 1% today, through genocide and massacres. Being decent democracies, Jewish Israel and Hindu India have allowed their Islamic minorities to swell in population. As a result, Israel suffers Palestinian terrorism and India is subjected to Pakistani backed Islamic terrorism.

Hindus worldwide applaud Israel's toughness in containing the Islamic threat, and admire her status as an officially Jewish state. We see the Jewish state as a heroic example to emulate, and hope that India evolves into a similar Hindu state.
